

ABOUT JEJU AIR

Jeju Air

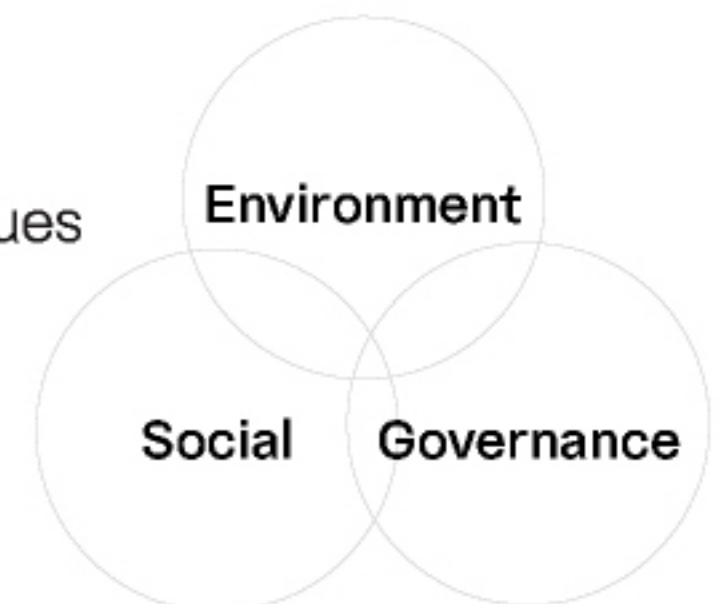

Established on January 25, 2005, Jeju Air has made air travel affordable, becoming Korea's leading low-cost carrier. Jeju Air operates flights to 50 cities across the Asia-Pacific region on 73 routes.

Core Values

ESG Management

Jeju Air actively promotes ESG values by pursuing the implementation of ESG management to bring about meaningful achievements.

ESG Campaign

Jeju Island Indo-pacific Bottlenose Dolphin Protector

Working closely with Diversity In Life Organization, Jeju Air support research for a sustainable future of dolphins and promote ecological value of dolphins to tourists visiting Jeju Island.

Green Traveler, Refresh Earth

Jeju Air launched an eco-friendly slogan and emblem to express our will to practice eco-friendly practices.

Ethical Management

Jeju Air's Ethics Charter and Code of Ethics are the foundation that supports the transparency and fairness of our business practice and corporate culture. Jeju Air is committed to the pursuit of ethical management that benefits all customers, employees, shareholders, and partners.

JEJU AIR OPERATED CITIES

JEJU AIR AIRCRAFT

Boeing 737-800

The Boeing 737-800NG (New Generation) is a jet aircraft with a passenger capacity ranging from 100 to 200 people. With about 2,000 units in operation around the world, the B737-800NG is the most widely used passenger aircraft model and a cornerstone of Jeju Air's world-class services.

CARGO Carriers

Jeju Air commenced cargo carrier operation on June 20, 2022, becoming the first Korean low-cost carrier to offer a cargo service. Transporting about 17,000 tons of cargo each year, Jeju Air is helping to expand the cargo network of Incheon International Airport.

Boeing 737-8

Jeju Air began operating the Boeing 737-8 passenger aircraft in 2023. With fuel savings of more than 20% and longer traveling distances, the B737-8 will enable Jeju Air to offer flights to many more additional routes.

SAFETY MANAGEMENT

IATA Operational Safety Audit (14th Edition) Certification

The Operational Safety Audit of the International Air Transport Association (IATA) is a set of international standards that applies to the aviation safety management and quality assurance of airlines. After assessing Jeju Air on 934 items in 8 different areas, including operation, aviation management, maintenance, cabin, transport, cargo, and aviation security, a specialized auditor certified Jeju Air as fully compliant with the aviation safety management standards of the IATA Operational Safety Audit.

JEJU AIR BRAND IDENTITY

Being Korea's first low-cost carrier (LCC) and no.1 LCC of Korea. until today, Jeju Air is committed to the low-cost carrier business model.

A high-efficiency, low-cost business structure, high service quality, and innovative corporate culture of the company has brought about new traveling culture of which allowed Jeju Air to meet the needs of countless customers.

The "J" shape, layout, and the color orange in the Jeju Air logo represent the friendliness and safety of Jeju Air, part of the consistent experience that customers enjoy with the airline.

The interior and exterior design of Jeju Air's aircraft features elements of Jeju Island's natural environment as motifs, with the flag atop the "i" in the logo not only welcoming passengers but also symbolizing global leadership.
